### **VISION RECOGNIZES TOP DEALERS, SUPPLIERS**

Vision Business Products, Inc., the North American marketing and buying organization for IT Supplies, Imaging Supplies, Hardware and Accessories, recognized its top dealers and suppliers at its recent Annual Supplies Conference in Las Vegas.

Thirty-six Dealers, representing over \$187M in annual sales, were recognized for their outstanding sales performance. The 2006 George A. Blanco Award for Sales Excellence was presented to Vision Business Products of Pittsburgh /Washington, DC.

Fujifilm was awarded Supplier of The Year and Supplies Network received the Distributor of the Year honors from Vision. The 2006 President's Award was given to Imation in recognition of their overall program and support of Vision and its members, and Hewlett Packard Canada was recognized as Canadian Supplier of the Year

“The recipients of these industry awards are determined by Vision membership vote and are symbolic of the excellence of the supplier products, programs, distribution, training and overall support of our members,” said Jim Rogers, President and CEO of Vision.

Vision Business Products is a network of over 80 sales and warehouse facilities in the US and Canada with combined staff of 800+ outside sales representatives and 60+ telemarketers with total sales in excess of \$1.3 Billion annually. Vision's goal is to assist our independently owned dealers to become the dominant supplier of IP and Imaging Supplies and Hardware in their respective markets by building long-term relationships that benefit our Members, our Suppliers and the End User.
