For Immediate Release

Supplies Network Partners With Flashecom

Supplies Network is an authorized wholesaler for HP, Lexmark, Xerox and other major OEM and compatible supplies for printer, copier and fax equipment, and data storage.

St. Louis, MO – July 19, 2010 – Flashecom and Supplies Network announce plans to integrate Supplies Network's in-depth product line of IT consumables into Flashecom's Econnect Solution. The integration, scheduled for early fourth quarter, will include daily price and inventory file feeds, real time price and inventory capabilities, as well as electronic fulfillment.

"Internet ordering of IT consumables continues to grow and is the preferred way to do business for many buyers. Supplies Network is pleased to extend purchasing options to Flashecom's customers, along with fast 1 and 2 day delivery of toner and ink supplies for all major brands of office equipment," said President Greg Welchans. "As an added bonus, electronic fulfillment decreases business operating costs, making it even more compelling for resellers."

About Supplies Network

Supplies Network is the largest privately-owned wholesaler of IT consumables in the U.S. specializing in IT supplies, equipment, data storage and managed print services. Excelling at small package distribution, Supplies Network provides 1 or 2 day shipping throughout the U.S., with no extra charge for direct shipping. Regional distribution centers are located in: Dallas, TX; Fresno, CA; Carlisle, PA; and St. Louis, MO, where the company is headquartered. For additional information on Supplies Network, email comfort@suppliesnetwork.com, go to www.suppliesnetwork.com or call **(877) 427-3261**.
